Computational Linguistics and Language Technology

Master Major 90 ECTS Credits
Sample Curriculum

The sample curriculum shows one of several ways in which you can plan your studies. It represents a full-time study load of 4 semesters. In the Major/Minor combination (120 ECTS credits in total), you will earn approximately 30 ECTS credits per semester. It is also possible to earn a lower amount of ECTS credits per semester. In this case, the duration of your studies will be extended accordingly.
For the Major in Computational Linguistics and Language Technology, we recommend starting your studies in the Fall Semester.

Fall Semester	Spring Semester	Fall Semester	Spring Semester
Module group: Core Modules of Computational Linguistics and Language Technology			
Machine Learning for Natural Language Processing 1 (CE 6)	Machine Learning for Natural Language Processing 2 (CE 6)	Freely Selectable Modules (CE or E 6)	Freely Selectable Modules (CE or E 6)
	Module group: Scientific Specialization	**Module group: Computational Linguistics and Language Technology in Practice**	
	Freely Selectable Module (E 6)	Freely Selectable Module (CE 6)	
		Master's Thesis (C 30)	
At least 24 additional ECTS credits of your choice from all module groups within the program.			
		Mobility Window	

C: Compulsory Module – CE: Core Elective Module – E: Elective Module – Number of ECTS Credits

valid from 1 February 2025
